Wool Market.

Boston, March 15,-The feature of the wool market here the past week has been

wool market here the past week has been the strong demand for medium and low wools. The market, however, lacks life. There is a disposition to await the coming of the new material. One result of the recent movement is that the market is practically bare of low grades. Prices on all grades, with the exception of mediums, are noticeably firm. Territory and pulled are steady with moderate offerings in the latter and a quiet demand. There is a firm tone in foreign wools. Territory quotations:

Idaho fine, 15616: heavy fine, 13614: fine medium, 15618; medium, 15617; low medium, 17618.

Wyoming fine medium, 16617; medium, 18619; low medium, 186217; medium, 18619; low medium, 18620; medium, 186217; medium, 18619; low medium, 18620; fine medium, 18621; dw medium, 18621; staple, 19629; medium choice, 19620; average, 18619; staple, 19629; medium choice, 19620.

MAJESTIC CO.'S INDEBTEDNESS

Voting Committee Issues a Circular to the Shareholders.

LA REINE-SALVATOR

HONERINE SHIPMENTS_EX. PERTING LOWER MAMMOTH.

Under date of the 10th inst., the "voting committee" of the Majestic company has issued a circular to the shareholders who have deposited their stock the predicament in which the company finds itself and explaining why it was found impossible to meet the outstanding obligations and place the proposi-tion on its feet. It is explained that a full investigation of the company's condition was made and that it was found to be in debt \$250,000, of which sum \$100,000 was past due while the remainder would mature in a few months. The

that the committee could procure as to the amount of money and length of time absolutely necessary to pay off the in-debtedness and develop the properties so that the smelter could be put and kept in blast, was \$500,000 and a year's time. The committee did its best to secure this sum of money through variow desires to state that it is unable to nance the company in its present conlition upon advantageous terms as an

their stock must now decide whether they desire to dissolve the voting trust committee and take charge of the property themselves, or, the alternative, whether they will authorize the committee to accept an offer made to it by another corporation for the trænsfer, sale or exchange of the Majestic stock

WORK ITS OWN ORES.

cular letter to embody the terms of the proposition for the sale or exchange of the Majestic stock deposited with it to another corporation, but at this time the details have not been arranged with

ly agreed upon. In the meantime, the committee, as soon as possible, will present to each depositing stockholder the proposed plan, together with an agreement for him or her individually to execute. This is done for the convenience of those who cannot personally attend. f those who cannot personally attend and because, on account of the failure of the voting trust agreement to so pro-vide, depositing stockholders cannot be represented at the meeting by proxy. ith this committee, on March 28, 1904,

HONERINE AFFAIRS.

Marketing Ore at Rapid Rate-Water Still Receding.

at 11 o'clock in the morning, at the of-fice of the company, No. 11 William street, in the city of New York."

carloads of crude ore and one car of concentrates from the new mill. The crude ore has averaged 55.7 per cent lead, 13 ounces silver and nearly \$1 in gold per ton. The controls on the first car of concentrates are not yet out, but that they will run even better than the crude ore there is no question.

Manager Snyder, who will visit the property today, reports that the flume and track in the long drain tunnel have been completed to the face and that the miners are again knocking out ten feet a day. Since the draining of the mine began a couple of weeks ago the water in the intermediate shaft has been lowered seventeen feet, with about forty feet more to go to the bottom. The water level at this point is thirty-five feet-lower than it is in the shaft sunk in the sulphide ore, bodies from the upper tunnel level of the mine, though the latter is still slowly receding.

The new mill, Manager Snyder says, is now handling approximately 166 tons of cre per day, though frequently stops have to be made in order to adjust something in one part or another of the plant. Probably no mill ever started off more smoothly than has the Honerine, nevertheless, and from the record it has so far made there is not a better mill in the state.

FROM THE ANNIE LAURIE.

FROM THE ANNIE LAURIE. Contractor Long Says Ledge Has Not Been Cut in No. 5 Tunnel.

Been Cut in No. 5 Tunnel.

James Long, jr., manager of the Mammoth company's Gold Mountain properties adjoining the Annie Laurie, came up from camp Monday night. Mr. Long has been running the Annie Laurie company's No. 5 or deepest tunnel under contract and when he turned the proposition over to the company a few days ago he had pushed the avenue in a distance of 3,020 feet. He says the ledge has not yet been tapped, and how soon it will be is all a matter of guess work, as no one can tell how the ledge would twist and turn in the 400 feet or more of distance between the deepest developed workings of the mine and the tunnel which he has been running.

Regarding the Mammoth Mr. Long said he did not expect to begin operations there again until some time in May, as he wished to wait until he had water power from the frozen streams with which to operate the compressor plant.

At the Sevier Consolidated Mr. Long says, developments are being pushed with the accustomed vigor of the management, and when the mill is started again in the spring there is no reason to doubt that a very successful and profitable season's run will be made.

More work has been going on in the district this past winter than during any previous winter in the history of the camp. Much of the work has been of a permanent and telling nature, and while very little has been given out of the results accomplished, he expects the coming summer to demonstrate the merits of more mines than most people believe exist

more nines than most people believe exist

WHITE ROCK PLACER.

Claims to Be Patented-Coming Sea-

son Promises Well. W. H. Weyher, secretary of the White Rock Placer company, has returned from a trip to the company's property in Bor-site canyon, Elko county, Nevada. He says that arrangements are now being perfected to patent the several claims of the company and that during the next few months the titles will be clear and perfect.

perfect.
Mr. Weyher found that a great deal of snow had piled up in the range of mountains in which the property is located, and as a result the sluicing season will be much longer this year than last, when the company managed to pick off a couple of dividends from the crop of nuggets gathered by SuperIntendent Higginbotham.

TALKED-OF CONSOLIDATION.

Report That Salvator and La Reine May Be Combined.

Knight's Saivator, which joins the former on the west end lines, was being arranged. During the afternoon Manager H. S. Joseph of the La Reine and the controlling factor in the company declared there was absolutely nothing in the report. Notwithstanding the denial, the price of La Reine shares was advanced from around 3c to 54c and the trading was declared to be the result of news that negotiations were pending upon the lines mentioned.

"If there is nothing in the report," said one broker, "what do you suppose the meaning of the demand for the stock is? Nothing is being done at the property and until today no one wanted the stock at any price. Some sort of a deal is brewing just as sure as you are born."

PROBATE AND GUARD-IANSHIP NOTICES Consult County Clerk or the Respective Signers for Further Information. Notice of Private Sale of Real Estate.

Notice of Private Sale of Real Estate.

IN THE DISTRICT COURT, PROtate division, in and for Salt Lake county, state of Utah. In the matter of the estate of Margery A. Aldrich, deceased. The undersigned will sell at private sale situate in Salt Lake county, Utah, described as follows: Lots 7 and 8, block 1, amended plat of Linden Fark subdivision of lot 11, block 21, five-acre plat A. Big Pield survey, containing approximately 25,446 square rods. Also an interest, being all the interest of deceased, in the following described parcel of real estate: Beginning one rod west of the northeast corner of lot 4, block 19, plat F, Salt Lake City survey; running thence south twenty rods, thence east six and one-half rods, thence north twenty rods, and thence west six and one-half rods of beginning, being the west five and one-half rods of lot 3 and the east one rod of lot 4 of said block 19, containing 130 square rods of ground and being subject to an \$300 mortgage constituting a first lien on same, on or after Thursday, March 17, 1904, and written bids will be received at No. 361 East Third South street. Salt Lake City, Utah; terms of sale either all cash down or part cash down and the balance on credit not extending beyond one year from date of sale. Bids for the whole or for parts and parcels of said real estate will be received. parcels of said real estate will be re-ceived. ZINA MARTIN. Administratrix.

Dated March 4, 1904. Notice.

Notice Is Hereby Given That the assessment of the tax levied by the city council of Sait Lake City, by ordinance passed March 7, th 1904, upon the property abutting upon all of lots 2 and 3, block 6, plat "D." Sait Lake City survey, for the purpose of constructing a cement sidewalk, four feet wide, on the east side of H street between South Temple and First streets, in sidewalk district No. I, is completed.

That the board of equalization and review appointed by the city council for that purpose, will meet at the office of the city recorder, room 100. City and County building, on Tuesday, March 29th, 1904, and continue in session until Saturday, April 2d, 1904, between the hours of 3:39 and 4:39 p. m., and will hear and consider any objections, and make invection of any tax which said board unity deem unequal or unjust.

That during said time, between the hours of 9 a. m. and 5 p. m. said list will be open to public inspection at the office of the city recorder, room 100. City and County building, Sait Lake City, Utah.

By order of the city council, dated Utah.

By order of the city council, dated

Marck 7th, 1994.

J. S. CRITCHLOW.

City Recorder.

Sidewalk extension No. 59.
